**Kevin and Herkimer are ghosts. At 1/16th their human size and with their Martin and Lewis vibe, they're banished to Purgatory to forever perform their burgeoning vaudeville act because of one, fateful act: they sank the Titanic.**

**Now they perform for God.**

**Like the Animaniacs, Kevin and Herkimer frequently escape Purgatory to the real world. Because wherever God closes a door, somewhere he opens a window. Or maybe He just likes to see what they get up to.**
